AQUATIC CLASS DESCRIPTIONS

Aquacise

Routines are based on the anatomy and physiology of muscles and joints, and are designed to strengthen limb and core muscles, increase range of motion, promote joint stability, and improve balance and posture. The hour includes cardio intervals and concludes with stretching, all accompanied by classic rock 'n roll, folk, and popular songs.

Aqua Dance

Come let loose with Linda! She delivers a fun and invigorating class, which is sure to make you smile while working up a sweat!

Aqua Fit

An enjoyable water aerobics class adaptable for all ages for a gentle to moderate workout. This 50-minute class includes stretching the whole body, a 20-minute cardio workout, body toning, and 5 minutes of stretches at the end of class

Aqua Zumba

Perfect for those looking to make a splash by adding a low impact, high-energy aquatic exercise to their fitness routine. There is less impact on your joints during an Aqua Zumba class so you can really let loose. Water creates natural resistance, which means every step is more challenging and helps tone your muscles.

Jammin'

Let your heart rate and spirits ***RISE*** with the Sun! Enjoy cardio, toning, and stretching to great tunes. Energize your day!

Splash!

A one hour hi-lo intensity water workout that combines weight training, stretching and aerobics to fun music.
