Pro-Flow

Not for yoga beginners! This Vinyasa class is created for practitioners with a good foundation and understanding of linking breath to movement that know how to honor their body's needs and capabilities, modifying as needed and when to rest. Touching your toes is not required, but be prepared to move and sweat as you are challenged with more advanced asanas.

Shred

Fast, fresh and funky, this hip hop driven step class will have you both breathless and smiling. Expect to test your endurance and build strength. Class is 30 minutes of step followed by 10 minutes of core work.

Slow Flow & Meditation

This beginner friendly class is great for experienced yogis looking to deepen their mindfulness. Stretch and open the body to release tension and improve posture, while breathwork helps the mind prepare for meditation. The class will end with a seated guided meditation.

Zumba

We take the "work" out of workout by mixing low-intensity and high-intensity moves for an interval-style, calorie-burning dance fitness party.
